

**Western Washington with
Hood Canal watershed
outlined.**

Western Washington Hood Canal Watershed Outlined

Twanoh Beach Bulkhead work site highlighted.

B. Project Site Aerial Photograph Indicating the Boundaries of Proposed Work.

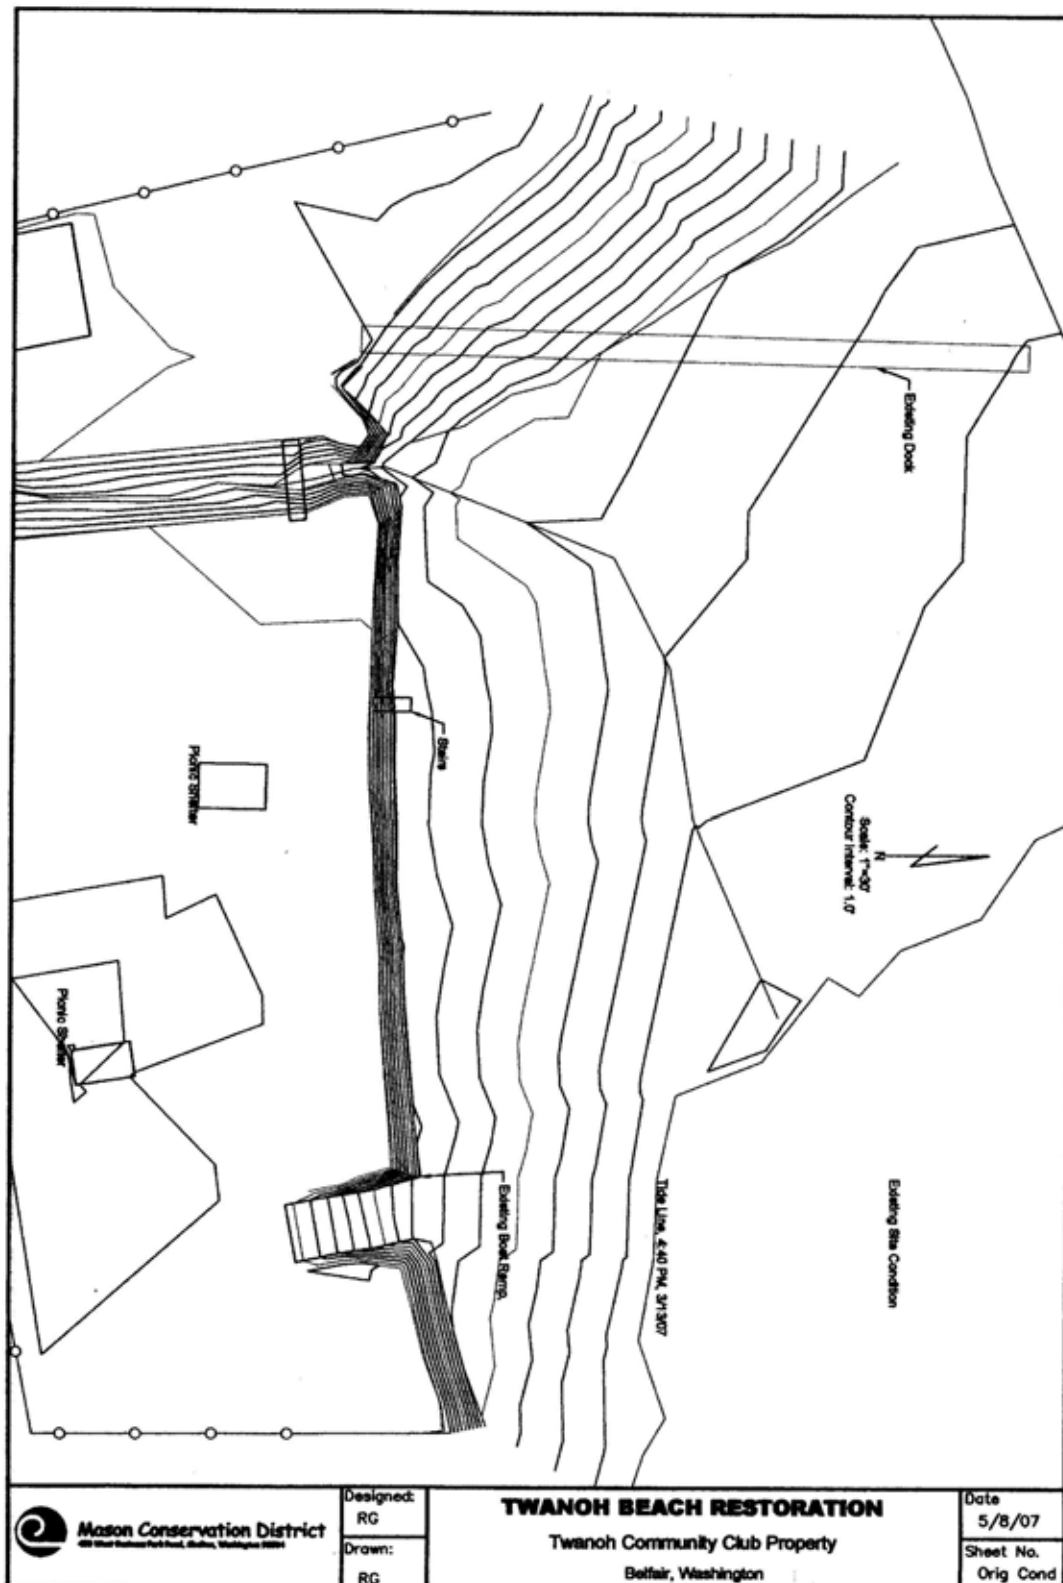

Aerial perspective of the Twanoh Beach Community Club Bulkhead removal project. The red line is positioned in front of the bulkhead a few feet in order not to cover the limited detail available in the Washington Department of Ecology oblique aerial photos.

1 - Left to Right is East to West. Drift cell is predominantly West to East.
